It's A Mystery!

Nora Heschuk

Let's spend the week solving and creating mysteries. We will hear about real life mysteries and look closely at clues to see if we can solve some made-up mysteries. Along with games and activities that will leave you mystified, we will create our own "whodunit"! Don't be left in suspense!

ADULT PROGRAM

Sketching Manitoba in Watercolours

Jim Danino

Here's an opportunity to practice landscape components—skies, trees, grasses, rocks, water (and maybe buildings)—to create a few simple watercolours of beautiful Manitoba. By keeping things uncomplicated and impressionistic, and using photos as our inspiration, you will produce some landscapes that will capture the essence of your "home and native land." The course will include demonstrations, tips and tricks, colour-mixing exercises, all tools and paints, and photo references to work from. All materials are supplied but participants may bring their own brushes and palettes if they wish. All you need is to bring a lunch and we can picnic while we work. Ages 16+

Saturday, July 9, 9-4 p.m., \$85
At the Viscount Cultural Centre

The Manitoba Holiday Festival of the Arts owes its beginning to Gissur Eliasson of the School of Fine Arts at the University of Manitoba. He recognized a lack of art opportunities available for the creative individual and started a "Painting in the Park" program. With the help of the Neepawa Chamber of Commerce, the Neepawa Fine Arts Festival, Neepawa Collegiate Institute Staff and others, the foundations of the Festival were laid. The Festival has grown to include the literary and performing arts as well as various crafts.

Stacey Silverthorn

If you could be absolutely anything in the universe, what would you be? A princess or a hero? A colourful crayon or shoe? Would you choose to be a stick or a stone, or maybe a shooting star across the sky? Through sharing literature each day that opens up our creative minds to a world of endless possibilities, we will discover that with the help of your imagination you can be anything that you can dream of. We will create art that has been inspired from the books we are reading together each day and we will find out why the best thing in the universe to want to be is yourself. Because there is *only one you* in this great big world! And YOU are magnificent!
